1. To be raced at:

A Michigan pari-mutuel track or tracks designated by the Director of Agriculture.

2. Nominations:

All 2014 Michigan sired foals that are the first foal per year, with the exception of twins carried to term by the natural mother are eligible for nomination by May 15, 2015. Michigan sired is defined as a foal sired by a Standardbred stallion that was leased or owned by a resident or residents of this state and registered with the Michigan Department of Agriculture for the year of conception. Michigan sired foals conceived inside the state or outside the state by means of transported semen are eligible.

NOMINATING FEE: \$25

3. LATE NOMINATION FEE:

If May 15, 2015 deadline is missed and foal has not been nominated to the Michigan Sire Stake, a supplemental payment of \$100 may be made by December 15, 2015 for eligibility to Michigan Sire Stake.

4. Sustaining Payments:

2 yr. old payment - \$200 due April 1, 2016; 3 yr. old payment - \$200 due April 1, 2017.

Note: All sustaining payments must be made when due to maintain eligibility.

5. Supplemental Payments:

A supplemental sustaining payment of \$500 can be made for two year olds by May 1, 2016 to make horses, which were previously nominated, eligible to the Michigan Sire Stake. All sustaining payments must be made when due to maintain eligibility.

6. Starting Fees:

\$1,000 or 1% of the advertised purse (whichever is higher). Due no less than 7 days before the racing of the finals at the designated track. Check with host track for entry box deadline. Entry will not be allowed for any horse whose owner, trainer, or driver is indebted for a previous starting fee to any event administered by MHHA.

7. Payment Distribution:

Nomination fees will be divided equally among the eight divisions. Sustaining payments and starting fees shall be added to their respective divisions. All funds allocated by the Director of Agriculture will be credited to the respective divisions. Monies will be deducted for administrative and promotional expenses.

8. Purse Distribution:

Five or more starters 50% 25% 12% 8% 5%. If less than five starters, all non-contested monies will be paid to the winner. If there is a premium or premiums for which a horse started but was unable to finish, due to an accident, all unoffending horses that did not finish will share equally in the premiums. However, if there are fewer unoffending horses failing to finish than there are premiums for which horses have started, but have not finished, then the number of premiums in excess of the number of unoffending horses not finishing shall go to the winner.

9. Racing Conditions:

Should elimination races be necessary, eighty percent of the total money available for each division shall constitute the purse for the final event of each division and twenty percent will be for the eliminations. If there are more horses declared into any race than can be accommodated by the number of positions in the front tier of the starting gate, elimination races shall be held no less than 7 calendar days prior to the final race. There will be no more than 2 trailers in any elimination race. Elimination races may be raced as betting races or as pre-programmed races at the discretion of the host track. The number of horses that qualify for the final heat shall not exceed the number of horses that can be accommodated by the number of positions in the front tier of the starting gate and there will be no second tier in the final heat. Preference to qualify for the final will be given to the horses in their official order of finish in the eliminations. Should two or more horses tie for the final position(s) by virtue of their finish in the elimination heat or heats above, such tied horses shall be eliminated by giving preference to the horses with the highest earnings in that year as compiled by the USTA and including the elimination heat earnings. In addition, two horses will be selected from those in the eliminations that do not qualify for the final to be designated as "Also Eligible" ("AE") for the final. The preference to determine which horse is the first "Also Eligible" ("AE1") shall be determined by taking the horse that placed highest in the official order of finish of all eliminations, but did not qualify for the final. In the event horses are equal in the finish position, tied horses shall be eliminated by giving preference to the horse(s) with the highest earnings in that year, as compiled by the USTA and including the elimination heat earnings. Undeclared or scratched horses in the final will be replaced in the following manner. If post positions have not been drawn, the horse will take its place in the normal draw. If post positions have already been drawn, the horse will assume the position of the scratched horse. No horse will be moved into the final as a replacement after the official "scratch time" deadline for publication in the program. If the number of horses declared into any race can be accommodated by the number of positions in the front tier of the starting gate, they shall race the final without elimination heats, for the total money available for that division. If the number of horses declared into any race is more than can be accommodated by the number of positions in the front tier of the starting gate, but not enough to split the race under these conditions, that race will be held with a single elimination heat to "qualify" only enough horses that can be accommodated by the number of positions in the front tier of the starting gate. All horses qualifying and desiring to enter the finals shall re-enter for the finals and the post positions shall be drawn by lot.

10. Refunds:

All requests for refunds must be made to the Michigan Harness Horsemen's Association at least 30 days prior to the scheduled race date. Requests will be considered only for (1) horse declared ineligible, (2) duplication of payment, or (3) clerical error. NO SUBSTITUTIONS.

11. Rules:

Racing of the Michigan Sire Stakes where not specifically covered by the Department of Agriculture, Regulation 814, shall be raced pursuant to the rules of the Michigan Gaming Control Board.

12. Emergency Clause:

If because of unfavorable weather or other unavoidable circumstances, the Michigan Sire Stakes are postponed, then they may be rescheduled at the discretion of the Michigan Gaming Control Board.

13. Ineligibility:

A person or entity willfully falsifying any documents required by these rules or willfully accepting and retaining any purse monies contrary to these rules, shall be ineligible to participate in any future sire stakes program under the provision of these rules.
